Advice Letter No. 266

Arizona Corporation Commission
Utilities Division
1200 West Washington Street
Phoenix, AZ 85007

Verizon California Inc. hereby transmits for filing the following changes in its tariff schedules:

Schedule A.C.C. No. AC
Rules

11th Revised Sheet 1
2nd Revised Sheet 60

The purpose of this filing is to revise Rule 22, Telephone Numbers, to include the FCC requirement that customers must keep 50% or more of their assigned telephone numbers working, in order to retain them. The Company will notify customers annually if the quantity of working numbers drops below 50% of their assigned numbers, so that action can be initiated by the customer to increase their number of assigned numbers working, or by Verizon to reclaim numbers.

This filing will not increase any existing charge or rate, cause the withdrawal of service or conflict with other schedules or rules.

Verizon respectfully requests that this filing become effective January 31, 2009.

It is requested that the stamped "Approved" copy of this filing be returned to the address below:

Advice Letter No. 266

Issued By

Date Filed DEC 17, 2008

Decision No. _____

Executive Director
Regulatory Affairs

Effective JAN 31, 2009

SCHEDULE NO. AC

RULE NO. 22

TELEPHONE NUMBERS

A1 Change in Telephone Numbers

B1 The assignment of a telephone number to a customer's telephone service will be made at the discretion of the utility. The customer has no proprietary right in the number and the utility will make such reasonable changes in telephone numbers and central office designations as the requirements of the service demand. The utility will give the customers who may be affected by such changes in telephone numbers as reasonable notice thereof as circumstances will permit.

A2 Working Numbers Requirement

B1 Blocks of Numbers - PBX and Centranet customers are required to keep 50% or more of their assigned numbers working at all times in order to retain assignment of their entire block of numbers. Customers must notify the Utility if their usage level drops below 50% so that action can be initiated to reclaim numbers.

A3 Assigned CentraNet Telephone Numbers

Customers are required to keep 50% or more of their assigned telephone numbers working, in order to retain them. The Company will notify customers annually if the quantity of working numbers drops below 50% of their assigned numbers, so that action can be initiated by the customer to increase their number of assigned numbers working, or by Verizon to reclaim numbers. Telephone numbers working periodically for regular intervals of time, such as those assigned to student residences, are "working at all times" to the extent that they work for a minimum of 90 non-consecutive days during each calendar year in which they are assigned to the customer.
